Basic Mix:

This is our specially mixed recipe. Birds love it because it contains none of the fillers that make up 30% of commercially packaged wild mixes. Ours contains corn, white millet and sunflower.

Cracked Corn:

Cracked corn is preferred by more kinds of birds than any other type of seed.

Niger (thistle):

This tiny but precious seed does not promote weed growth in the yard. It is the favorite food of finches.

Black Sunflower:

We offer the black oil sunflower, the traditional favorite of the cardinal, grosbeak and chickadee.

Safflower:

Selective delicacy for cardinal, purple finch and grosbeak.

Sunflower Hearts (fine):

Sunflower seed without the shells! Hearts are a bit more expensive, but they leave no messy shells in your yard.

Mixed Seed Block:

A 20 pound block of mixed seed that is great to put out for the winter. Don't worry about going out in the snow and cold to fill a feeder!

PICK-UP DATES

Birdseed must be picked up from the Observation Building area at the Wildlife Sanctuary. Watch for signs to direct you to the exact location.

Volunteers will load the seed into your car. For late pick-up please make prior arrangements by calling 391-3671 before February 9.

Pick-up Schedule:

Saturday, February 9 8am – 4pm

Limited space prevents us from holding seed beyond the pick-up dates.

Birdseed makes a great gift! Last sale until fall of 2019!

Thank you for your support!
