

Hello Wildlife Sanctuary friends and welcome to the 2021-2022 Friends of the Wildlife Sanctuary Birdseed Sale. As many of you know our friend Jim has retired from chair of the birdseed sale and I am proud to have taken on that role moving forward.

This year we have made a couple minor changes, with the most noticeable being our basic seed mix now being available only in 40lb bags and our Saturday (12/11) pick up window will now be 8am to 12pm. This December 2021 sale is the first of three scheduled. Due to many factors the seed crop out west this year was not as successful as hoped, leading to volatile prices and availability. We are unable to offer the popular seed block (as last year) for our first sale, but are working with our distributors to make sure we can do so next sale in some form. If these are something you are interested in please let me know at this first pick up so we can plan accordingly as the lead time needed for this particular item is more than that of the bulk dry seed/feed.

Thanks to each and every one of you who have supported this sale over the last 30 plus years! Please remember this is a presale only with all orders paid in full and in by 4pm on Friday 12/3 (with pick up from 8am to noon on Saturday 12/11).

Thank you to Jim who has spearheaded this fundraiser for nearly 30 years and help make it the success it has become. On behalf of the team at Bay Beach Wildlife Sanctuary we hope you all enjoy a safe and happy holiday season!

Basic Mix:

This is our specially mixed recipe. Birds love it because it contains none of the fillers that make up 30% of commercially packaged wild mixes. Ours contains corn, white millet and sunflower.

Cracked Corn:

Cracked corn is preferred by more kinds of birds than any other type of seed.

Niger (thistle):

This tiny but precious seed does not promote weed growth in the yard. It is the favorite food of finches.

Black Sunflower:

We offer the black oil sunflower, the traditional favorite of the cardinal, grosbeak and chickadee.

Safflower:

Selective delicacy for cardinal, purple finch and grosbeak.

Sunflower Hearts (fine):

Sunflower seed without the shells! Hearts are a bit more expensive, but they leave no messy shells in your yard.

***Mixed Seed Block:**

A 20 pound block of mixed seed that is great to put out for the winter. Don't worry about going out in the snow and cold to fill a feeder!

***Not available this sale**

Please remember to clean your feeder often and get rid of old, moldy seed!
